

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions; and, in so doing, it aims to serve a three-fold purpose: first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

BY-LAWS.

ARTICLE I. The Corporation shall be called the APPALACHIAN MOUNTAIN CLUB.

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by ballot, and the candidates may be voted for on one ballot;¹ the affirmative votes of at least two-thirds of the members present and voting shall be necessary to election. Nomination shall be made in writing by at least two members, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and, if approved by the Council, balloting shall take place at the regular meeting next succeeding the approval. Each candidate elected shall pay an admission fee of five dollars, and subscribe assent to these By-Laws within two months after the election, otherwise the election of such candidate shall be void.

¹ Voted (April 10, 1878), That, until otherwise ordered, the candidates for membership at any election shall be voted for on one ballot.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead ; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

ART. VI. The Recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal; and shall present, at the annual meeting, a history of the Club during the previous year.

¹ *Voted* (January 9, 1895). That a committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, shall have charge of the library, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairmen.

ART. XI. The Council shall be the managing board of the Club, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Eleven members shall form a quorum for business.

ART. XIII. Each member shall be subject to an annual assessment of three dollars, due at the annual meeting; but no assessment other than the admission fee shall be required of any member during the four months succeeding his election. Members whose assessments are unpaid on May first shall have notice of the fact sent to them by the Treasurer. Members whose assessments are unpaid on November first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer,

shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee, *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of thirty dollars, and shall thereafter be subject to no fees or assessments of any kind.

ART. XVI. All moneys received for life membership and such other sums as may be received or appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by

the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration for the time being, and four members of the Club, who shall be chosen by ballot at the first regular meeting following the adoption of this Article : one to serve until the next annual meeting, one until one year therefrom, one until two years therefrom, and one until three years therefrom ; and, beginning with the next annual meeting, one shall be chosen to serve four years and until the election of his successor. The Trustees may elect from their

own number a Chairman and Treasurer, and may employ such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. The Club may elect Corresponding Members in the manner prescribed for the election of members of the Corporation, excepting that the Council only shall nominate; and from among the Corresponding Members it may elect in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its thirty-second number. These numbers constitute eight completed volumes, as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; and Vol. VIII. (1895-98), pp. vi, 418, pl. lv.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors, — with appended brief accounts by individuals of work done by them in the several departments, — the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. **APPALACHIA** is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the **PUBLISHING COMMITTEE**, which is chosen annually by the Council. For its organization for 1898, see page 6.

Besides **APPALACHIA**, and the annual **REGISTER**, first

issued in 1879, the following have been published under the auspices of the Club:—

- Mountaineering in Colorado.* By F. H. Chapin. Small 8°, on fine paper, pages x, 168, with eleven plates and forty-one illustrations in the text. 1888. \$2.00.
- The Land of the Cliff Dwellers.* By F. H. Chapin. Small 8°, pages ix, 188, with sixty-seven plates. 1892. \$2.25.
- Some Adirondack Paths: Climbs about the Keene Valley.* By F. W. Freeborn. 18°, pages 20, with sketch map and one plate. 20 cents.
- Preliminary Charts of the Positions of White Mountain Summits.* Scale 1 : 50,000. 1886. Two sheets of blue prints. \$1.30.
- Map of Williamstown and Greylock.* Executed by the United States Geological Survey. Scale 1 : 30,000. 1886. 30 cents.
- Map of the White Mountains,* 1887. (Location of summits only vouched for by the Club.) Scale 1 : 150,000. 1887. (Out of print.) The same. Scale 1 : 100,000. 50 cents.
- Map of the Country about Boston,* 1890. Executed by the United States Geological Survey. Scale 1 : 62,500. On roller, 75 cents. (Other styles out of print.)
- Map of the Country about Worcester,* 1891. (Like the preceding.) Unmounted, 25 cents ; on cloth, 60 cents ; on roller, 75 cents.
- Map of Monadnock Mountain (N.H.),* 1891. Executed by the United States Geological Survey. Scale 1 : 20,000. 25 cents.
- Middlesex Fells, with a Map.* By R. B. Lawrence. 1886. 8°. (Out of print.) The same, revised edition, 1892. 25 cents.
- Map of the Country about Boston,* 1896. Executed for the Metropolitan Park Commission. Scale 1 : 62,500. Unmounted, 25 cents ; on cloth, 60 cents.
- Walks and Rides about Boston.* 16°, pages 410, with 150 illustrations in the text and four folded maps. 1897. \$1.25.

The above and bound volumes or back numbers of APPALACHIA may be procured of the publishing and sales-agents, Messrs. Houghton, Mifflin & Co., 4 Park Street, Boston. Vol. I, Nos. 1, 2, and 3, Vol. III, No. 2, and Vol. IV, Nos. 3 and 4, are reprints. The original Vol. I, is sold only with complete sets.

CLUB ROOM AND LIBRARY.

IN OCTOBER, 1896, the Club transferred its seat from the Ticknor Mansion (9 Park Street), where it had been pleasantly domiciled for more than ten years, to its present far more commodious quarters, Rooms 1049-1051, in the Tremont Building. Leased while the building was still in process of construction, three rooms of the original plan were finished for the Club's convenience as two, of which the larger, with its beautiful and extended view down upon the city and far out into the suburbs, makes an attractive place of meeting for members, and is even large enough for reunions of sections, and for small exhibitions. The smaller room furnishes adequate accommodation for the valuable library, now for the first time somewhat secure against danger from fire, and supplies the long-felt need of a separate apartment for meetings of the Council and of special committees. The building is furnished with every modern convenience, and is open every day in the year, and until ten o'clock in the evening. The rooms are under the general supervision of the Room Committee (see page 7), and are open daily from 3 to 5.30 P.M., under the charge of volunteer custodians. Keys admitting their holders at all hours may be obtained of the Treasurer of the Club by members for a small annual rental.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over one thousand bound volumes, five hundred pamphlets, and about thirteen hundred maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal donations, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.

2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.

3. Before being lent, periodicals shall lie on the table for two weeks and until catalogued.

4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

The Corresponding Secretary is Librarian *ex officio*.

THE SELLA COLLECTION.

THIS collection, purchased in 1893 from donations of one hundred and fifty members of the Club and others, consists of some five hundred photographs of high Alpine

and Caucasian mountain views, and a series taken during the expedition of Prince Luigi of Savoy to Mt. St. Elias. In addition to the interest of the subjects, the pictures are remarkable specimens of photographic art. Most of the pictures measure 12 x 15 inches, there are also several enlargements (18 x 22 inches), and a series of sixty ethnological (Caucasian) views of smaller dimensions. They are arranged in geographical groups, and an illustrated catalogue has been printed.

These photographs were exhibited in Boston from May 5 to 24, 1893, and since then under the auspices of local societies, in Washington, Philadelphia, Brooklyn, New York, Bridgeport and New Haven, Conn., Northampton and Lowell, Mass., and Rome, N. Y., Cleveland, O., Portland, Ore., San Francisco, Denver and Chicago.

The collection is in charge of a Standing Committee (see p. 7), who would welcome applications from responsible societies for its loan.

SNOW-SHOE SECTION.

THE Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. In suitable weather the Saturday Outings are conducted by this section, and special "meets" are arranged for other days of the week.

Membership is open to all members of the Club upon payment of a nominal fee of twenty-five cents to cover the expense of notices, etc. There are at present one hundred and twenty-five members. The officers for 1897 are R. B. LAWRENCE, *Chairman*; W. R. DAVIS, *Secretary*.

ALPINE SECTION.

FOR some two years a movement has been under consideration looking to a closer affiliation of those members of the Club especially interested in alpine ascents. In November, 1897, the Council, after hearing a favorable report from a Committee appointed to consider the subject, unanimously authorized such a Section, which should be "open for admission to such members of the Club as may be elected thereto, under such regulations and restrictions as may be adopted from time to time by the said Section with the approval of the Council," and a Committee of four was appointed to take in charge its organization.

On January 1, 1898, the following By-Laws were adopted:

ARTICLE I. This Organization shall be called the ALPINE SECTION OF THE APPALACHIAN MOUNTAIN CLUB.

ART. II. Its object shall be to encourage expert climbing of a distinctively alpine character, and in particular among the mountains of North America.

ART. III. Its management shall be vested in an Executive Committee of four persons, to be chosen one annually by ballot by the members of the Section for terms of four years each.

[Provision was made to secure this alternation, and to constitute the Committee presenting the report the Executive Committee for 1898.]

The executive officer of this Committee shall be its Secretary, who shall also act as Treasurer, who shall be elected annually by the members of the Executive Committee from their own number.

The annual elections shall be held in January, but elections to fill unexpired terms may be held at any time.

ART. IV. The Section shall elect its members from among the members of the Appalachian Mountain Club whose experience may render them eligible. Elections shall be by ballot upon recommendation by a majority of the Executive Committee, to whom the candidate's record shall have been submitted in writing. Three adverse ballots shall prevent an election.

ART. V. The expenses of the Section shall be met by an annual fee of one dollar assessed upon its members; and whenever this payment is made to the Treasurer of the Appalachian Mountain Club, it shall be held by him — as also all other sums in his hands intended for the benefit of the Section — subject to the demand of its Secretary.

ART. VI. The Section shall have the power to drop any person from its membership for cause by a majority vote to that effect, due notice having previously been sent to the member against whom such action is contemplated.

The Council having approved these By-Laws the Alpine Section is now duly constituted. CHARLES S. THOMPSON, 99 Adams St., Chicago, is its Secretary.

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions ; and, in so doing, it aims to serve a three-fold purpose : first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions ; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use ; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

BY - LAWS.

ARTICLE I. The Corporation shall be called the **APPALACHIAN MOUNTAIN CLUB.**

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by ballot, and the candidates may be voted for on one ballot;¹ the affirmative votes of at least two-thirds of the members present and voting shall be necessary to election. Nomination shall be made in writing by at least two members, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and, if approved by the Council, balloting shall take place at the regular meeting next succeeding the approval. Each candidate elected shall pay an admission fee of five dollars, and subscribe assent to these By-Laws within two months after the election, otherwise the election of such candidate shall be void.

¹ *Voted* (April 10, 1878), That, until otherwise ordered, the candidates for membership at any election shall be voted for on one ballot.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead ; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

ART. VI. The Recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal; and shall present, at the annual meeting, a history of the Club during the previous year.

¹ *Voted* (January 9, 1805). That a committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, shall have charge of the library, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairmen.

ART. XI. The Council shall be the managing board of the Club, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Eleven members shall form a quorum for business.

ART. XIII. Each member shall be subject to an annual assessment of three dollars, due at the annual meeting; but no assessment other than the admission fee shall be required of any member during the four months succeeding his election. Members whose assessments are unpaid on May first shall have notice of the fact sent to them by the Treasurer. Members whose assessments are unpaid on November first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer,

shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee, *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of thirty dollars, and shall thereafter be subject to no fees or assessments of any kind.

ART. XVI. All moneys received for life membership and such other sums as may be received or appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by

the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration for the time being, and four members of the Club, who shall be chosen by ballot at the first regular meeting following the adoption of this Article : one to serve until the next annual meeting, one until one year therefrom, one until two years therefrom, and one until three years therefrom ; and, beginning with the next annual meeting, one shall be chosen to serve four years and until the election of his successor. The Trustees may elect from their

own number a Chairman and Treasurer, and may employ such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. The Club may elect Corresponding Members in the manner prescribed for the election of members of the Corporation, excepting that the Council only shall nominate; and from among the Corresponding Members it may elect in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its thirty-second number. These numbers constitute eight completed volumes, as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; and Vol. VIII. (1895-98), pp. vi, 418, pl. lv.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors, — with appended brief accounts by individuals of work done by them in the several departments, — the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. APPALACHIA is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the PUBLISHING COMMITTEE, which is chosen annually by the Council. For its organization for 1899, see page 6.

Besides APPALACHIA, and the annual REGISTER, first

issued in 1879, the following have been published under the auspices of the Club:—

Mountaineering in Colorado. By F. H. Chapin. Small 8°, on fine paper, pages x, 168, with eleven plates and forty-one illustrations in the text. 1888. \$2.00.

Map of Monadnock Mountain (N.H.), 1891. Executed by the United States Geological Survey. Scale 1: 20,000. 25 cents.

Middlesex Fells, with a Map. By R. B. Lawrence. 1886. 8°. (Out of print.) The same, revised edition, 1892. 25 cents.

Map of the Country about Boston, 1896. Executed for the Metropolitan Park Commission. Scale 1: 62,500. Unmounted, 25 cents; on cloth, 60 cents.

Walks and Rides about Boston. 16°, pages 410, with 150 illustrations in the text and four folded maps. 1897. \$1.25.

The above and bound volumes or back numbers of APPALACHIA may be procured of the publishing and sales-agents, Messrs. Houghton, Mifflin & Co., 4 Park Street, Boston. Vol. I, Nos. 1, 2, and 3, Vol. III, No. 2, and Vol. IV, Nos. 3 and 4, are reprints. The original Vol. I, is sold only with complete sets.

Sometimes Co. print.

CLUB ROOM AND LIBRARY.

IN OCTOBER, 1896, the Club transferred its seat from the Ticknor Mansion (9 Park Street), where it had been pleasantly domiciled for more than ten years, to its present far more commodious quarters, Rooms 1049-1051, in the Tremont Building. Leased while the building was still in process of construction, three rooms of the original plan were finished for the Club's convenience as two, of which the larger, with its beautiful and extended view down upon the city and far out into the suburbs, makes an attractive place of meeting for members, and is even large enough for reunions of sections, and for small exhibitions. The smaller room furnishes adequate accommodation for the valuable library, now for the first time somewhat secure against danger from fire, and supplies the long-felt need of a separate apartment for meetings of the Council and of special committees. The building is furnished with every modern convenience, and is open every day in the year, and until ten o'clock in the evening. The rooms are under the general supervision of the Room Committee (see page 7), and are open daily from 3 to 5.30 P.M., under the charge of volunteer custodians. Keys admitting their holders at all hours may be obtained of the Treasurer of the Club by members for a small annual rental.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over one thousand bound volumes, five hundred pamphlets, and about thirteen hundred maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal donations, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.
2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.
3. Before being lent, periodicals shall lie on the table for two weeks and until catalogued.
4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

The Corresponding Secretary is Librarian *ex officio*.

THE SELLA COLLECTION.

THIS collection, purchased in 1893 from donations of one hundred and fifty members of the Club and others, consists of some five hundred photographs of high Alpine

and Caucasian mountain views, and a series taken during the expedition of Prince Luigi of Savoy to Mt. St. Elias. In addition to the interest of the subjects, the pictures are remarkable specimens of photographic art. Most of the pictures measure 12 x 15 inches, there are also several enlargements (18 x 22 inches), and a series of sixty ethnological (Caucasian) views of smaller dimensions. They are arranged in geographical groups, and an illustrated catalogue has been printed.

These photographs were exhibited in Boston from May 5 to 24, 1893, and since then under the auspices of local societies, in Washington, Philadelphia, Brooklyn, New York, Bridgeport and New Haven, Conn., Northampton and Lowell, Mass., and Rome, N. Y., Cleveland, O., Portland, Ore., San Francisco, Denver and Chicago.

The collection is in charge of a Standing Committee (see p. 7), who would welcome applications from responsible societies for its loan. For the present year it will be in the hands of the Library Art Club.

ALPINE SECTION.

THIS Section was established January 1, 1898, for the closer affiliation of members of the Club interested in alpine ascents. The following By-Laws were adopted and ratified by the Council:—

ARTICLE I. This Organization shall be called the ALPINE SECTION OF THE APPALACHIAN MOUNTAIN CLUB.

ART. II. Its object shall be to encourage expert climbing of a distinctively alpine character, and in particular among the mountains of North America.

ART. III. Its management shall be vested in an Executive Committee of four persons, to be chosen one annually by ballot by the members of the Section for terms of four years each.

[Provision was made to secure this alteration, and to constitute the Committee presenting the report the Executive Committee for 1898.]

The executive officer of this Committee shall be its Secretary, who shall also act as Treasurer, who shall be elected annually by the members of the Executive Committee from their own number.

The annual elections shall be held in January, but elections to fill unexpired terms may be held at any time.

ART. IV. The Section shall elect its members from among the members of the Appalachian Mountain Club whose experience may render them eligible. Elections shall be by ballot upon recommendation by a majority of the Executive Committee, to whom the candidate's record shall have been submitted in writing. Three adverse ballots shall prevent an election.

ART. V. The expenses of the Section shall be met by an annual fee of one dollar assessed upon its members ; and whenever this payment is made to the Treasurer of the Appalachian Mountain Club, it shall be held by him — as also all other sums in his hands intended for the benefit of the Section — subject to the demand of its Secretary.

ART. VI. The Section shall have the power to drop any person from its membership for cause by a majority vote to that effect, due notice having previously been sent to the member against whom such action is contemplated.

The Executive Committee for 1899 are, CHARLES S. THOMPSON, *Secretary*; GEORGE T. LITTLE, CHARLES L. NOYES and ARTHUR MICHAEL.

The Secretary's address is 99 Adams St., Chicago.

BICYCLE SECTION.

THIS Section, organized upon a similar basis and the Snow-Shoe Section, was established in 1897. Its "meets" are conducted, when feasible, in connection with the Saturday outings of the Club.

The Section has at present fifty-five members.

The officers are, ALBERT S. PARSONS, *Chairman*; Miss ELLA M. RICE, *Secretary*.

SNOW-SHOE SECTION.

THIS Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. In suitable weather the Saturday Outings are conducted by this Section, and special "meets" are arranged for other days of the week.

Membership is open to all members of the Club upon payment of a nominal fee of twenty-five cents to cover the expense of notices, etc. There are at present one hundred and twenty-five members. The officers for 1899 are, R. B. LAWRENCE, *Chairman*; W. R. DAVIS, *Secretary*.

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions ; and, in so doing, it aims to serve a three-fold purpose : first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions ; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use ; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

BY - LAWS.

ARTICLE I. The Corporation shall be called the APPALACHIAN MOUNTAIN CLUB.

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by ballot, and the candidates may be voted for on one ballot;¹ the affirmative votes of at least two-thirds of the members present and voting shall be necessary to election. Nomination shall be made in writing by at least two members, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and, if approved by the Council, balloting shall take place at the regular meeting next succeeding the approval. Each candidate elected shall pay an admission fee of five dollars, and subscribe assent to these By-Laws within two months after the election, otherwise the election of such candidate shall be void.

¹ *Voted* (April 10, 1878), That, until otherwise ordered, the candidates for membership at any election shall be voted for on one ballot.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead ; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

ART. VI. The Recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal; and shall present, at the annual meeting, a history of the Club during the previous year.

¹ *Voted* (January 9, 1895). That a committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, shall have charge of the library, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairmen.

ART. XI. The Council shall be the managing board of the Club, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Eleven members shall form a quorum for business.

ART. XIII. Each member shall be subject to an annual assessment of three dollars, due at the annual meeting; but no assessment other than the admission fee shall be required of any member during the four months succeeding his election. Members whose assessments are unpaid on May first shall have notice of the fact sent to them by the Treasurer. Members whose assessments are unpaid on November first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer,

shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee, *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of thirty dollars, and shall thereafter be subject to no fees or assessments of any kind.

ART. XVI. All moneys received for life membership and such other sums as may be received or appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by

the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration for the time being, and four members of the Club, who shall be chosen by ballot at the first regular meeting following the adoption of this Article : one to serve until the next annual meeting, one until one year therefrom, one until two years therefrom, and one until three years therefrom ; and, beginning with the next annual meeting, one shall be chosen to serve four years and until the election of his successor. The Trustees may elect from their

own number a Chairman and Treasurer, and may employ such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. The Club may elect Corresponding Members in the manner prescribed for the election of members of the Corporation, excepting that the Council only shall nominate; and from among the Corresponding Members it may elect in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its thirty-fourth number. These numbers constitute eight completed volumes, as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; and Vol. VIII. (1895-98), pp. vi, 418, pl. lv. Vol. IX., Nos. 1 and 2.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors,—with appended brief accounts by individuals of work done by them in the several departments,—the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. APPALACHIA is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the PUBLISHING COMMITTEE, which is chosen annually by the Council. For its organization for 1899, see page 6.

Besides APPALACHIA, and the annual REGISTER, first

issued in 1879, the following have been published under the auspices of the Club:—

CLUB ROOM AND LIBRARY.

IN OCTOBER, 1896, the Club transferred its seat from the Ticknor Mansion (9 Park Street), where it had been pleasantly domiciled for more than ten years, to its present far more commodious quarters, Rooms 1049-1051, in the Tremont Building. Leased while the building was still in process of construction, three rooms of the original plan were finished for the Club's convenience as two, of which the larger, with its beautiful and extended view down upon the city and far out into the suburbs, makes an attractive place of meeting for members, and is even large enough for reunions of sections, and for small exhibitions. The smaller room furnishes adequate accommodation for the valuable library, now for the first time somewhat secure against danger from fire, and supplies the long-felt need of a separate apartment for meetings of the Council and of special committees. The building is furnished with every modern convenience, and is open every day in the year, and until ten o'clock in the evening. The rooms are under the general supervision of the Room Committee (see page 7), and are open daily from 3 to 5.30 P.M., under the charge of volunteer custodians. Keys admitting their holders at all hours may be obtained of the Treasurer of the Club by members for a small annual rental.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over one thousand bound volumes, five hundred pamphlets, and about thirteen hundred maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal donations, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.

2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.

3. Before being lent, periodicals shall lie on the table for two weeks and until catalogued.

4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

The Corresponding Secretary is Librarian *ex officio*.

THE SELLA COLLECTION.

THIS collection, purchased in 1893 from donations of one hundred and fifty members of the Club and others, consists of some five hundred photographs of high Alpine

and Caucasian mountain views, and a series taken during the expedition of Prince Luigi of Savoy to Mt. St. Elias. In addition to the interest of the subjects, the pictures are remarkable specimens of photographic art. Most of the pictures measure 12 x 15 inches, there are also several enlargements (18 x 22 inches), and a series of sixty ethnological (Caucasian) views of smaller dimensions. They are arranged in geographical groups, and an illustrated catalogue has been printed.

These photographs were exhibited in Boston from May 5 to 24, 1893, and afterwards under the auspices of local societies, in Washington, Philadelphia, Brooklyn, New York, Bridgeport and New Haven, Conn., Northampton and Lowell, Mass., and Rome, N. Y., Cleveland, O., Portland, Ore., San Francisco, Denver and Chicago. Since the spring of 1899 it has been exhibited by the Library Art Club, an affiliation of some seventy-five public libraries in New England, in the custody of which it will remain for the present.

The Collection is in charge of a Standing Committee of the Council (see p. 7).

ALPINE SECTION.

THIS Section was established January 1, 1898, for the closer affiliation of members of the Club interested in alpine ascents.

The following By-Laws were adopted and ratified by the Council: —

ARTICLE I. This Organization shall be called the ALPINE SECTION OF THE APPALACHIAN MOUNTAIN CLUB.

ART. II. Its object shall be to encourage expert climbing of a distinctively alpine character, and in particular among the mountains of North America.

ART. III. Its management shall be vested in an Executive Committee of four persons, to be chosen one annually by ballot by the members of the Section for terms of four years each.

[Provision was made to secure this alteration, and to constitute the Committee presenting the report the Executive Committee for 1898.]

The executive officer of this Committee shall be its Secretary, who shall also act as Treasurer, who shall be elected annually by the members of the Executive Committee from their own number.

The annual elections shall be held in January, but elections to fill unexpired terms may be held at any time.

ART. IV. The Section shall elect its members from among the members of the Appalachian Mountain Club whose experience may render them eligible. Elections shall be by ballot upon recommendation by a majority of the Executive Committee, to whom the candidate's record shall have been submitted in writing. Three adverse ballots shall prevent an election.

ART. V. The expenses of the Section shall be met by an annual fee of one dollar assessed upon its members ; and whenever this payment is made to the Treasurer of the Appalachian Mountain Club, it shall be held by him — as also all other sums in his hands intended for the benefit of the Section — subject to the demand of its Secretary.

ART. VI. The Section shall have the power to drop any person from its membership for cause by a majority vote to that effect, due notice having previously been sent to the member against whom such action is contemplated.

BICYCLE SECTION.

THIS Section, organized upon a similar basis and the Snow-Shoe Section, was established in 1897. Its "meets" are conducted, when feasible, in connection with the Saturday outings of the Club.

The Section has at present fifty-five members.

The officers are, ALBERT S. PARSONS, *Chairman*; Miss ELLA M. RICE, *Secretary*.

SNOW-SHOE SECTION.

THIS Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. In suitable weather the Saturday Outings are conducted by this Section, and special "meets" are arranged for other days of the week.

Membership is open to all members of the Club upon payment of a nominal fee of twenty-five cents to cover the expense of notices, etc. There are at present one hundred and twenty-five members. The officers for 1899 are, R. B. LAWRENCE, *Chairman*; W. R. DAVIS, *Secretary*.

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions; and, in so doing, it aims to serve a three-fold purpose: first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

BY - LAWS.

ARTICLE I. The Corporation shall be called the **APPALACHIAN MOUNTAIN CLUB.**

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes ; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by ballot, and the candidates may be voted for on one ballot;¹ the affirmative votes of at least two-thirds of the members present and voting shall be necessary to election. Nomination shall be made in writing by at least two members, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and, if approved by the Council, balloting shall take place at the regular meeting next succeeding the approval. Each candidate elected shall pay an admission fee of five dollars, and subscribe assent to these By-Laws within two months after the election, otherwise the election of such candidate shall be void.

¹ *Voted* (April 10, 1878). That, until otherwise ordered, the candidates for membership at any election shall be voted for on one ballot.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead ; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

ART. VI. The Recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal; and shall present, at the annual meeting, a history of the Club during the previous year.

¹ Voted (January 9, 1895). That a committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, shall have charge of the library, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration and Forestry, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairmen.

ART. XI. The Council shall be the managing board of the Club, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Eleven members shall form a quorum for business.

ART. XIII. Each member shall be subject to an annual assessment of three dollars, due at the annual meeting; but no assessment other than the admission fee shall be required of any member during the four months succeeding his election. Members whose assessments are unpaid on May first shall have notice of the fact sent to them by the Treasurer. Members whose assessments are unpaid on November first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer.

shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee, *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of thirty dollars, and shall thereafter be subject to no fees or assessments of any kind.

ART. XVI. All moneys received for life membership and such other sums as may be received or appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by

the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration for the time being, and four members of the Club, who shall be chosen by ballot at the first regular meeting following the adoption of this Article : one to serve until the next annual meeting, one until one year therefrom, one until two years therefrom, and one until three years therefrom ; and, beginning with the next annual meeting, one shall be chosen to serve four years and until the election of his successor. The Trustees may elect from their

own number a Chairman and Treasurer, and may employ such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. The Club may elect Corresponding Members in the manner prescribed for the election of members of the Corporation, excepting that the Council only shall nominate; and from among the Corresponding Members it may elect in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its thirty-sixth number. These numbers constitute nine completed volumes, as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; Vol. VIII. (1895-98), pp. vi, 418, pl. lv., and Vol. IX., pp. vi, 416, pl. xxxix.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors, — with appended brief accounts by individuals of work done by them in the several departments, — the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. APPALACHIA is sent *gratis* to all who are members of the Club at the time of its issue. ~

All the publications of the Club are under the control of the PUBLISHING COMMITTEE, which is chosen annually by the Council. For its organization for 1899, see page 6.

Besides APPALACHIA, and the annual REGISTER, first

issued in 1879, the following have been published under the auspices of the Club:—

- Map of the Country about Boston,* 1896. Executed for the Metropolitan Park Commission. Scale 1 : 62,500. Unmounted, 25 cents ; on cloth, 60 cents.
- Walks and Rides about Boston.* 16°, pages 410, with 150 illustrations in the text and four folded maps. 1897. \$1.25.

The above and bound volumes or back numbers of APPALACHIA may be procured of the publishing and sales-agents, Messrs. Houghton, Mifflin & Co., 4 Park Street, Boston. Vol. I, Nos. 1, 2, and 3, Vol. III, No. 2, and Vol. IV, Nos. 3 and 4, are reprints. The original Vol. I, is sold only with complete sets.

CLUB ROOM AND LIBRARY.

IN OCTOBER, 1896, the Club transferred its seat from the Ticknor Mansion (9 Park Street), where it had been pleasantly domiciled for more than ten years, to its present far more commodious quarters, Rooms 1049-1051, in the Tremont Building. Leased while the building was still in process of construction, three rooms of the original plan were finished for the Club's convenience as two, of which the larger, with its beautiful and extended view down upon the city and far out into the suburbs, makes an attractive place of meeting for members, and is even large enough for reunions of sections, and for small exhibitions. The smaller room furnishes adequate accommodation for the valuable library, now for the first time somewhat secure against danger from fire, and supplies the long-felt need of a separate apartment for meetings of the Council and of special committees. The building is furnished with every modern convenience, and is open every day in the year, and until ten o'clock in the evening. The rooms are under the general supervision of the Room Committee (see page 7), and open week days from 3 to 5.30 P.M., under the charge of volunteer custodians. Keys admitting their holders at all hours may be obtained of the Treasurer of the Club by members for a small annual rental.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over one thousand bound volumes, five hundred pamphlets, and about thirteen hundred maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal donations, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.
2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.
3. Before being lent, periodicals shall lie on the table for two weeks and until catalogued.
4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

The Corresponding Secretary is Librarian *ex officio*.

THE SELLA COLLECTION.

THIS collection, purchased in 1893 from donations of one hundred and fifty members of the Club and others, consists of some five hundred photographs of high Alpine

and Caucasian mountain views, and a series taken during the expedition of Prince Luigi of Savoy to Mt. St. Elias. In addition to the interest of the subjects, the pictures are remarkable specimens of photographic art. Most of the pictures measure 12 x 15 inches, there are also several enlargements (18 x 22 inches), and a series of sixty ethnological (Caucasian) views of smaller dimensions. They are arranged in geographical groups, and an illustrated catalogue has been printed.

These photographs were exhibited in Boston from May 5 to 24, 1893, and afterwards under the auspices of local societies, in Washington, Philadelphia, Brooklyn, New York, Bridgeport and New Haven, Conn., Northampton and Lowell, Mass., and Rome, N. Y., Cleveland, O., Portland, Ore., San Francisco, Denver and Chicago. Since the spring of 1899 it has been exhibited by the Library Art Club, an affiliation of some seventy-five public libraries in New England.

The entire Collection being larger than can readily be exhibited by many Societies, it has been determined to select from the number a group of from one hundred and fifty to two hundred of the most characteristic and beautiful of these photographs, to be known as the Loan Collection of Sella Views, the balance to remain henceforth permanently at the Club room. This group will be loaned free of charge to Societies desiring to exhibit it upon the same terms to the public. Vouchers of responsibility will be expected from Societies unknown to the Committee in charge (see page 7).

SNOW-SHOE SECTION.

THIS Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. In suitable weather the Saturday Outings are conducted by this Section, and special "meets" are arranged for other days of the week.

Membership is open to all members of the Club upon payment of a nominal fee of twenty-five cents to cover the expense of notices, etc. There are at present one hundred and sixty-three members. The officers for 1901 are, R. B. LAWRENCE, *Chairman*; W. R. DAVIS, *Secretary*.

BICYCLE SECTION.

THIS Section, organized upon a similar basis to the Snow-Shoe Section, was established in 1897. Its "meets" are conducted, when feasible, in connection with the Saturday Outings of the Club.

The Section has at present seventy-five members.

The officers are, ALBERT S. PARSONS, *Chairman*; Miss ELLA M. RICE, *Secretary*.

MT. BELKNAP FROM THREE MILE ISLAND.

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions ; and, in so doing, it aims to serve a three-fold purpose : first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions ; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use ; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

ARTICLE I. The Corporation shall be called the **APPALACHIAN MOUNTAIN CLUB.**

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes ; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by the Council, and the affirmative votes of at least four-fifths of the members of the Council present and voting shall be necessary to election ; but no person shall be admitted to membership against the written protest of ten members of the Club. Nominations, in the form of a recommendation, shall be made in writing by at least two members of the Club, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and members shall have two weeks in which to express to the Council their objections. Balloting by the Council shall take place at any time after two weeks from the publication. Each candidate elected shall pay an admission fee of five

dollars (which shall include the annual assessment of that year), and subscribe assent to these By-Laws within two months after the election, otherwise the election of such candidate shall be void.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead ; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

ART. VI. The recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give

¹ *Voted* (January 9, 1895), That a Committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal; and shall present, at the annual meeting, a history of the Club during the previous year.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, shall have charge of the library, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration and Forestry, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The

Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairman.

ART. XI. The Council shall be the managing board of the Club, elect new members, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Fifty members shall form a quorum for business.

ART. XIII. Each member shall be subject to an annual assessment of three dollars, due at the annual meeting; but no assessment other than the admission fee shall be required of any member during the four months succeeding his election. Members whose assessments are unpaid on May first shall have notice of the fact sent to them by the Treasurer.

Members whose assessments are unpaid on November first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer, shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of thirty dollars, and shall thereafter be subject to no fees or assessments of any kind.

ART. XVI. All moneys received for life membership and such other sums as may be received or ap-

appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration and Forestry for the time being, and four members of the Club, one being chosen by ballot annually to serve four years and until his successor is chosen. The Trustees may elect from their own number a Chairman and Treasurer, and may employ

such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. Corresponding Members may be elected in the manner prescribed for the election of members of the Corporation; and from among the Corresponding Members may be elected in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its thirty-sixth number. These numbers constitute nine completed volumes, as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; Vol. VIII. (1895-98), pp. vi, 418, pl. lv., and Vol. IX., pp. vi, 416, pl. xxxix.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors, — with appended brief accounts by individuals of work done by them in the several departments, — the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. APPALACHIA is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the PUBLISHING COMMITTEE, which is chosen annually by the Council. For its organization for 1899, see page 6.

Besides APPALACHIA, and the annual REGISTER, first

issued in 1879, the following have been published under the auspices of the Club:—

- Map of the Country about Boston,* 1896. Executed for the Metropolitan Park Commission. Scale 1 : 62,500. Unmounted, 25 cents ; on cloth, 60 cents.
- Walks and Rides about Boston.* 16°, pages 410, with 150 illustrations in the text and four folded maps. 1897. \$1.25.

The above and bound volumes or back numbers of APPALACHIA may be procured of the publishing and sales-agents, Messrs. Houghton, Mifflin & Co., 4 Park Street, Boston. Vol. I, Nos. 1, 2, and 3, Vol. III, No. 2, and Vol. IV, Nos. 3 and 4, are reprints. The original Vol. I, is sold only with complete sets.

CLUB ROOM AND LIBRARY.

IN OCTOBER, 1896, the Club transferred its seat from the Ticknor Mansion (9 Park Street), where it had been pleasantly domiciled for more than ten years, to its present far more commodious quarters, Rooms 1049-1051, in the Tremont Building. Leased while the building was still in process of construction, three rooms of the original plan were finished for the Club's convenience as two, of which the larger, with its beautiful and extended view down upon the city and far out into the suburbs, makes an attractive place of meeting for members, and is even large enough for reunions of sections, and for small exhibitions. The smaller room furnishes adequate accommodation for the valuable library, now for the first time somewhat secure against danger from fire, and supplies the long-felt need of a separate apartment for meetings of the Council and of special committees. The building is furnished with every modern convenience, and is open every day in the year, and until ten o'clock in the evening. The rooms are under the general supervision of the Room Committee, and open week days from 3 to 5.30 P.M., under the charge of volunteer custodians. Keys admitting their holders at all hours may be obtained of the Treasurer of the Club by members for a small annual rental.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over one thousand bound volumes, five hundred pamphlets, and about thirteen hundred maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal donations, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.

2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.

3. Before being lent, periodicals shall lie on the table for two weeks and until catalogued.

4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

The Corresponding Secretary is Librarian *ex officio*.

THE SELLA COLLECTION.

THE original Collection, purchased in 1893 with donations from one hundred and fifty members of the Club and others, consisted of more than four hundred photographs of Alpine and Caucasian mountain scenery, taken by Vittorio Sella, of Biella, Italy. To these there have since been added, through the generosity of Mr. Sella, an additional set from the Caucasus, a series taken when he was with the Duke of the Abruzzi in the expedition to Mt. St. Elias, in 1897, and a superb selection from those secured in the highest Himalayas of Sikhim and Nepal during an expedition with Mr. Freshfield in 1900.

The greater number of these photographs measure 12 x 15 inches, others 8 x 10 inches; there is a series of sixty, chiefly ethnological subjects, of still smaller dimensions, and a considerable number of enlargements, 18 x 22 inches.

The Collection was first exhibited in Boston at the Art Club gallery from May 5-24, 1893, and has been on exhibition almost constantly since, having been shown not only in the principal Atlantic cities, but in Chicago, Minneapolis, Denver, San Francisco, and Portland, Ore. Under the auspices of the Library Art Club it recently made the round of some seventy-five towns and cities in New England.

The entire Collection being larger than can readily be exhibited under ordinary circumstances, it has been determined to select a group of about one hundred and fifty of the most beautiful and characteristic of these pictures to be known henceforth as the LOAN COLLECTION OF SELLA PHOTOGRAPHS. This group, as heretofore the full Collection, will be loaned, free of charge, to societies

desiring to exhibit it on the same terms to the public. Vouchers for responsibility will be expected from societies unknown to the Committee in charge.

The balance of the photographs will henceforth be kept at the Club Room, in a cabinet recently provided for the purpose. The key to this cabinet can be obtained, on request, from the custodian of the afternoon during the hours at which the room is open.

SNOW-SHOE SECTION.

THIS Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. In suitable weather the Saturday Outings are conducted by this Section, and special "meets" are arranged for other days of the week.

Membership is open to all members of the Club upon payment of a nominal fee of twenty-five cents to cover the expense of notices, etc. There are at present one hundred and sixty-three members. The officers for 1901 are, R. B. LAWRENCE, *Chairman*; W. R. DAVIS, *Secretary*.

BICYCLE SECTION.

THIS Section, organized upon a similar basis to the Snow-Shoe Section, was established in 1897.

The Section has at present sixty-three members.

The officers are, ALBERT S. PARSONS, *Chairman*; Miss CARRIE M. WILLIAMS, *Secretary*,

THE NEW PASSACONAWAY LODGE.

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions; and, in so doing, it aims to serve a three-fold purpose: first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

BY - LAWS.

ARTICLE I. The Corporation shall be called the APPALACHIAN MOUNTAIN CLUB.

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes ; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by the Council, and the affirmative votes of at least four-fifths of the members of the Council present and voting shall be necessary to election ; but no person shall be admitted to membership against the written protest of ten members of the Club. Nominations, in the form of a recommendation, shall be made in writing by at least two members of the Club, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and members shall have two weeks in which to express to the Council their objections. Balloting by the Council shall take place at any time after two weeks from the publication. Each candidate elected shall pay an admission fee of five

dollars (which shall include the annual assessment of that year), and subscribe assent to these By-Laws within two months after the election, otherwise the election of such candidate shall be void.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead ; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

ART. VI. The recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give

¹ Voted (January 9, 1895), That a Committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal; and shall present, at the annual meeting, a history of the Club during the previous year.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, shall have charge of the library, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration and Forestry, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The

Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairman.

ART. XI. The Council shall be the managing board of the Club, elect new members, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Fifty members shall form a quorum for business.

ART. XIII. Each member shall be subject to an annual assessment of three dollars, due at the annual meeting; but no assessment other than the admission fee shall be required of any member during the four months succeeding his election. Members whose assessments are unpaid on May first shall have notice of the fact sent to them by the Treasurer.

Members whose assessments are unpaid on November first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer, shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of thirty dollars, and shall thereafter be subject to no fees or assessments of any kind.

ART. XVI. All moneys received for life membership and such other sums as may be received or ap-

appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration and Forestry for the time being, and four members of the Club, one being chosen by ballot annually to serve four years and until his successor is chosen. The Trustees may elect from their own number a Chairman and Treasurer, and may employ

such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. Corresponding Members may be elected in the manner prescribed for the election of members of the Corporation; and from among the Corresponding Members may be elected in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its thirty-eighth number. These numbers constitute nine completed volumes, as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; Vol. VIII. (1895-98), pp. vi, 418, pl. lv., and Vol. IX., pp. vi, 416, pl. xxxix, and Vol. X., Nos. 1 and 2.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors,—with appended brief accounts by individuals of work done by them in the several departments,—the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. **APPALACHIA** is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the **PUBLISHING COMMITTEE**, which is chosen annually by the Council. For its organization, see page 6.

Besides **APPALACHIA**, and the annual **REGISTER**, first

issued in 1879, the following have been published under the auspices of the Club:—

- Mountaineering in Colorado.* By F. H. Chapin. Small 8°, on fine paper, pages x, 168, with eleven plates and forty-one illustrations in the text. 1888. \$2.00.

- Some Adirondack Paths: Climbs about the Keene Valley.* By F. W. Freeborn. 18°, pages 20, with sketch map and one plate. 20 cents.
- Preliminary Charts of the Positions of White Mountain Summits.* Scale 1 : 50,000. 1886. Two sheets of blue prints. \$1.30.
- Map of Williamstown and Greylock.* Executed by the United States Geological Survey. Scale 1 : 30,000. 1886. 30 cents.
- Map of the White Mountains,* 1887. (Location of summits only vouched for by the Club.) Scale 1 : 150,000. 1887. (Out of print.) The same. Scale 1 : 100,000. 50 cents.
- Map of the Country about Boston,* 1890. Executed by the United States Geological Survey. Scale 1 : 62,500. On roller, 75 cents. (Other styles out of print.)
- Map of the Country about Worcester,* 1891. (Like the preceding.) Unmounted, 25 cents; on cloth, 60 cents; on roller, 75 cents.
- Map of Monadnock Mountain (N.H.),* 1891. Executed by the United States Geological Survey. Scale 1 : 20,000. 25 cents.
- Middlesex Fells, with a Map.* By R. B. Lawrence. 1886. 8°. (Out of print.) The same, revised edition, 1892. 25 cents.
- Map of the Country about Boston,* 1896. Executed for the Metropolitan Park Commission. Scale 1 : 62,500. Unmounted, 25 cents; on cloth, 60 cents.
- Walks and Rides about Boston.* 16°, pages 410, with 150 illustrations in the text and four folded maps. 1897. \$1.25.

The above and bound volumes or back numbers of APPALACHIA may be procured of the publishing and sales-agents, Messrs. Houghton, Mifflin & Co., 4 Park Street, Boston. Vol. I, Nos. 1, 2, and 3, Vol. III, No. 2, and Vol. IV, Nos. 3 and 4, are reprints. The original Vol. I, is sold only with complete sets.

CLUB ROOM AND LIBRARY.

IN OCTOBER, 1896, the Club transferred its seat from the Ticknor Mansion (9 Park Street), where it had been pleasantly domiciled for more than ten years, to its present far more commodious quarters, Rooms 1049-1051, in the Tremont Building. Leased while the building was still in process of construction, three rooms of the original plan were finished for the Club's convenience as two, of which the larger, with its beautiful and extended view down upon the city and far out into the suburbs, makes an attractive place of meeting for members, and is even large enough for reunions of sections, and for small exhibitions. The smaller room furnishes adequate accommodation for the valuable library, now for the first time somewhat secure against danger from fire, and supplies the long-felt need of a separate apartment for meetings of the Council and of special committees. The building is furnished with every modern convenience, and is open every day in the year, and until ten o'clock in the evening. The rooms are under the general supervision of the Room Committee, and open week days from 3 to 5.30 P.M., under the charge of volunteer custodians. Keys admitting their holders at all hours may be obtained of the Treasurer of the Club by members for a small annual rental.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over one thousand bound volumes, five hundred pamphlets, and about thirteen hundred maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal donations, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.

2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.

3. Before being lent, periodicals shall lie on the table for two weeks and un'til catalogued.

4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

The Corresponding Secretary is Librarian *ex officio*.

THE SELLA COLLECTION.

THE original Collection, purchased in 1893 with donations from one hundred and fifty members of the Club and others, consisted of more than four hundred photographs of Alpine and Caucasian mountain scenery, taken by Vittorio Sella, of Biella, Italy. To these there have since been added, through the generosity of Mr. Sella, an additional set from the Caucasus, a series taken when he was with the Duke of the Abruzzi in the expedition to Mt. St. Elias, in 1897, and a superb selection from those secured in the highest Himalayas of Sikhim and Nepal during an expedition with Mr. Freshfield in 1900.

The greater number of these photographs measure 12 x 15 inches, others 8 x 10 inches; there is a series of sixty, chiefly ethnological subjects, of still smaller dimensions, and a considerable number of enlargements, 18 x 22 inches.

The Collection was first exhibited in Boston at the Art Club gallery from May 5-24, 1893, and was on exhibition almost constantly until 1900, having been shown not only in the principal Atlantic cities, but in Chicago, Minneapolis, Denver, San Francisco, and Portland, Ore. Under the auspices of the Library Art Club it recently made the round of some seventy-five towns and cities in New England.

The entire Collection being larger than can readily be exhibited under ordinary circumstances, it has been determined to select a group of about one hundred and fifty of the most beautiful and characteristic of these pictures to be known henceforth as the LOAN COLLECTION OF SELLA PHOTOGRAPHS. This group, as heretofore the full Collection, will be loaned, free of charge, to societies

desiring to exhibit it on the same terms to the public. Vouchers for responsibility will be expected from societies unknown to the Councillor in charge.

The balance of the photographs will henceforth be kept at the Club Room, in a cabinet recently provided for the purpose. The key to this cabinet can be obtained, on request, from the custodian of the afternoon during the hours at which the room is open.

SNOW-SHOE SECTION.

THIS Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. In suitable weather the Saturday Outings are conducted by this Section, and special "meets" are arranged for other days of the week.

Membership is open to all members of the Club upon payment of a nominal fee of twenty-five cents to cover the expense of notices, etc. There are at present one hundred and seventy-one members. The officers for 1901 are, R. B. LAWRENCE, *Chairman*; W. R. DAVIS, *Secretary*.

BICYCLE SECTION.

This Section, organized in 1897 by the bicycle riders of the Club, upon the same basis as the Snow-Shoe Section, takes, during the riding season, Saturday afternoon runs to various interesting points, with occasional all-day excursions.

The Section numbers about seventy members.

The officers are, ALBERT S. PARSONS, *Chairman*; Miss LILLIE J. DAVIS, *Secretary*.

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions; and, in so doing, it aims to serve a three-fold purpose: first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

BY - LAWS.

ARTICLE I. The Corporation shall be called the **APPALACHIAN MOUNTAIN CLUB.**

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes ; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the **Agreement of Association**, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by the Council, and the affirmative votes of at least four-fifths of the members of the Council present and voting shall be necessary to election ; but no person shall be admitted to membership against the written protest of ten members of the Club. Nominations, in the form of a recommendation, shall be made in writing by at least two members of the Club, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and members shall have two weeks in which to express to the Council their objections. Balloting by the Council shall take place at any time after two weeks from the publication. Each candidate elected shall pay an admission fee of eight dollars, and on such payment shall be exempt from

the annual dues of the current year, and those elected in October, November and December, of any year, shall be exempt from the annual dues of the following year. The candidate so elected shall pay the admission fee and subscribe assent to these By-Laws within two months after the election, otherwise the election shall be void.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

¹ *Voted* (January 9, 1895), That a Committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

ART. VI. The recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal; and shall present, at the annual meeting, a history of the Club during the previous year.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, shall have charge of the library, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration and Forestry, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's

work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairman.

ART. XI. The Council shall be the managing board of the Club, elect new members, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Fifty members shall form a quorum for business.

ART. XIII. The annual dues shall be four dollars payable January first. Bills shall be sent to members on or near that date, and all members whose dues are unpaid on April first shall have notice of the fact sent

them by the Treasurer. Members whose dues are unpaid on May first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer, shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of fifty dollars at any time after the election to membership, and shall thereafter be subject to no fees or assessments of any kind. Such sum shall include payment of the admission fee or dues for the current year.

ART. XVI. All moneys received for life membership and such other sums as may be received or appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration and Forestry for the time being, and four members of the Club, one being chosen by ballot annually to serve four years and until his successor is

chosen. The Trustees may elect from their own number a Chairman and Treasurer, and may employ such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. Corresponding Members may be elected in the manner prescribed for the election of members of the Corporation; and from among the Corresponding Members may be elected in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

MEETINGS.

THE By-Laws provide for a regular monthly meeting and special meetings. The arrangements for these are in the care of the President and the Recording Secretary. Suggestions may be received from a Committee on Special Features. (See p. 7.) Since the organization of the Club, no month has passed without its duly furnished programme. The annual meeting of 1904 was the 233d regular meeting. Numerous special meetings, frequently two in a month, are also held. The average attendance is now over 200; sometimes more than 1000 persons have been present. Besides mountain topics, and even more frequently than these, subjects germane to a geographical society are presented, often illustrated with the lantern.

EXCURSIONS.

EXCURSIONS to the mountain regions of New England and Eastern New York were from the beginning a prominent feature in the Club's activity. Regarded at first as the transfer of the regular meetings to the scene of actual climbing, specially prepared papers were presented at those so-called "field meetings." The increasing frequency of special meetings during the winter months, affording fuller opportunities for such presentation, has modified the name and character of these gatherings, though the traditions of the Club are still continued at the regular July field meeting.

Single-day or half-day visits to nearer points were occa-

sionally made previous to 1886. In that year the regular Saturday Outing became an established custom, announcement being made among "Special Notices" in the *Boston Transcript*. The number of longer excursions has also greatly increased.

To manage the details of this popular interest, a Committee is annually appointed (see p. 6) which determines the excursions for the season and appoints from its number leaders, who arrange the details and by whom even the largest excursions are successfully conducted. Full records of these excursions are published annually in APPALACHIA. A summary of those of the first ten years may be consulted in Vol. IV, No. 4.

SNOW-SHOE SECTION.

THE Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. In suitable weather the Saturday Outings are conducted by this Section, and special "meets" are arranged for other days of the week.

Membership is open to all members of the Club upon payment of a nominal fee of twenty-five cents to cover the expense of notices, etc. There are at present one hundred and seventy-one members. The officers for 1904 are, W. R. DAVIS, *Chairman*; MISS C. M. ENDICOTT, *Secretary*.

BICYCLE SECTION.

THIS Section, organized in 1897 by the bicycle riders of the Club, upon the same basis as the Snow-Shoe Section, takes, during the riding season, Saturday afternoon runs to various interesting points, with occasional all-day excursions.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its thirty-ninth number. These numbers constitute nine completed volumes, as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; Vol. VIII. (1895-98), pp. vi, 418, pl. lv., and Vol. IX., pp. vi, 416, pl. xxxix, and Vol. X., Nos. 1, 2 and 3.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors,—with appended brief accounts by individuals of work done by them in the several departments,—the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. **APPALACHIA** is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the **PUBLISHING COMMITTEE**, which is chosen annually by the Council. For its organization, see page 6.

Besides **APPALACHIA**, and the annual **REGISTER**, first

issued in 1879, the following have been published under the auspices of the Club:—

- Mountaineering in Colorado.* By F. H. Chapin. Small 8°, on fine paper, pages x, 168, with eleven plates and forty-one illustrations in the text. 1888. \$2.00.

- Map of Williamstown and Greylock.* Executed by the United States Geological Survey. Scale 1 : 30,000. 1886. 30 cents.
- Map of the White Mountains,* 1887. (Location of summits only vouched for by the Club.) Scale 1 : 150,000. 1887. (Out of print.) The same. Scale 1 : 100,000. 50 cents.
- Map of the Country about Boston,* 1890. Executed by the United States Geological Survey. Scale 1 : 62,500. On roller, 75 cents. (Other styles out of print.)
- Map of the Country about Worcester,* 1891. (Like the preceding.) Unmounted, 25 cents; on cloth, 60 cents; on roller, 75 cents.
- Map of Monadnock Mountain (N.H.),* 1891. Executed by the United States Geological Survey. Scale 1 : 20,000. 25 cents.
- Middlesex Fells, with a Map.* By R. B. Lawrence. 1886. 8°. (Out of print.) The same, revised edition, 1892. 25 cents.
- Map of the Country about Boston,* 1896. Executed for the Metropolitan Park Commission. Scale 1 : 62,500. Unmounted, 25 cents; on cloth, 60 cents.
- Walks and Rides about Boston.* 16°, pages 410, with 150 illustrations in the text and four folded maps. 1897. \$1.25.

The above and bound volumes or back numbers of APPALACHIA may be procured of the publishing and sales-agents, Messrs. Houghton, Mifflin & Co., 4 Park Street, Boston. Vol. I, Nos. 1, 2, and 3, Vol. III, No. 2, and Vol. IV, Nos. 3 and 4, are reprints. The original Vol. I, is sold only with complete sets.

CLUB ROOM AND LIBRARY.

IN OCTOBER, 1896, the Club transferred its seat from the Ticknor Mansion (9 Park Street), where it had been pleasantly domiciled for more than ten years, to its present far more commodious quarters, Rooms 1049-1051, in the Tremont Building. Leased while the building was still in process of construction, three rooms of the original plan were finished for the Club's convenience as two, of which the larger, with its beautiful and extended view down upon the city and far out into the suburbs, makes an attractive place of meeting for members, and is even large enough for reunions of sections, and for small exhibitions. The smaller room furnishes adequate accommodation for the valuable library, now for the first time somewhat secure against danger from fire, and supplies the long-felt need of a separate apartment for meetings of the Council and of special committees. The building is furnished with every modern convenience, and is open every day in the year, and until ten o'clock in the evening. The rooms are under the general supervision of the Room Committee, and open week days from 3 to 5.30 P.M., under the charge of volunteer custodians. Keys admitting their holders at all hours may be obtained of the Treasurer of the Club by members for a small annual rental.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over twenty-five hundred bound volumes, one thousand pamphlets, and about two thousand maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal donations, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.

2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.

3. Before being lent, periodicals shall lie on the table for two weeks and un'til catalogued.

4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

The Corresponding Secretary is Librarian *ex officio*.

THE SELLA COLLECTION.

THE original Collection, purchased in 1893 with donations from one hundred and fifty members of the Club and others, consisted of more than four hundred photographs of Alpine and Caucasian mountain scenery, taken by Vittorio Sella, of Biella, Italy. To these there have since been added, through the generosity of Mr. Sella, an additional set from the Caucasus, a series taken when he was with the Duke of the Abruzzi in the expedition to Mt. St. Elias, in 1897, and a superb selection from those secured in the highest Himalayas of Sikhim and Nepal during an expedition with Mr. Freshfield in 1899.

The greater number of these photographs measure 12 x 15 inches, others 8 x 10 inches; there is a series of sixty, chiefly ethnological subjects, of still smaller dimensions, and a considerable number of enlargements, 18 x 22 inches.

The entire Collection being larger than can readily be exhibited under ordinary circumstances, it has been determined to select a group of about one hundred and fifty of the most beautiful and characteristic of these pictures to be known henceforth as the LOAN COLLECTION OF SELLA PHOTOGRAPHS. This group, as heretofore the full Collection, will be loaned, free of charge, to societies desiring to exhibit it on the same terms to the public. Vouchers for responsibility will be expected from societies unknown to the Councillor in charge.

The balance of the photographs will henceforth be kept at the Club Room, in a cabinet recently provided for the purpose. The key to this cabinet can be obtained, on request, from the custodian of the afternoon during the hours at which the room is open.

CLUB PATHS AND CAMPS.

THE Club has sought to further the sport of mountain climbing among a wider constituency than its mere membership and to render extended forest rambles and sojourns feasible to all frequenters of the White Mountains by the construction of paths, trails, and camps. A care for the safety of persons exposed to danger from darkness or storm has led to the construction of a few refuges at bleak heights. Several thousand dollars have been expended for such ends. A considerable sum is appropriated annually to maintain existing constructions. While undertaking to keep in good condition paths which have been duly accepted by the Council as "Club paths," the right is reserved to discontinue, with due notice, any which for any reason seem no longer sufficiently called for. Recent policy looks to the establishing of trunk lines covering the whole White Mountain region, leaving to local initiative the maintenance of merely local paths.

Simple and just rules for the conduct of guests at the Club's huts have been made, and the good will of the public is the best warrant for their observance.

RESERVATIONS.

THE Club's ownership of real estate is primarily the result of its active interest in the preservation of forests and of "beautiful and historic sites." Its holdings,¹ accordingly, are in trust for the public, and for this reason have been exempted from taxation in Massachusetts, and, for the greater part, in New Hampshire. These have been acquired chiefly by gift of individuals or associations persuaded of the public spirit and careful administration of the Club. They are under the control of a board of five Trustees (see p. 6).

The following are

IN MASSACHUSETTS :

Parsons Reservation (Mount Grace, Warwick), 1897, 40 acres.

Carlisle Pines Reservation, 1902, 10 acres. (Gift of Massachusetts Forestry Association.)

IN NEW HAMPSHIRE :

Madison Spring Reservation, 1888, 1 acre, with Club hut.

Lead Mine Bridge Reservation (Shelburne), 1897, 12 acres.

Snyder Brook Reservation (Randolph), 1895, 36 acres.

Joseph Story Fay Reservation (Woodstock), 1897, 150 acres.

Three Mile Island (Lake Winnepesaukee), not public, 1900, 40 acres.

Farrar Reservation (Temple), 1901, 4 acres.

South Baldface Reservation (Chatham), 1902, 10 acres.

Kearsarge Reservation (Chatham), 1902, 10 acres.

Rhododendron Reservation (Fitzwilliam), 1902, 300 acres.

¹ For detailed description, see APPALACHIA, Vol. IV, No. 3.

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions; and, in so doing, it aims to serve a three-fold purpose: first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled *APPALACHIA*, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the *MASSACHUSETTS INSTITUTE OF TECHNOLOGY*, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

ARTICLE I. The Corporation shall be called the **APPALACHIAN MOUNTAIN CLUB.**

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes ; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by the Council, and the affirmative votes of at least four-fifths of the members of the Council present and voting shall be necessary to election ; but no person shall be admitted to membership against the written protest of ten members of the Club. Nominations, in the form of a recommendation, shall be made in writing by at least two members of the Club, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and members shall have two weeks in which to express to the Council their objections. Balloting by the Council shall take place at any time after two weeks from the publication. Each candidate elected shall pay an admission fee of eight dollars, and on such payment shall be exempt from

the annual dues of the current year, and those elected in October, November and December, of any year, shall be exempt from the annual dues of the following year. The candidate so elected shall pay the admission fee and subscribe assent to these By-Laws within two months after the election, otherwise the election shall be void.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

¹ Voted (January 9, 1895). That a Committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

ART. VI. The recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal; and shall present, at the annual meeting, a history of the Club during the previous year.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, shall have charge of the library, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration and Forestry, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's

work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairman.

ART. XI. The Council shall be the managing board of the Club, elect new members, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Fifty members shall form a quorum for business.

ART. XIII. The annual dues shall be four dollars payable January first. Bills shall be sent to members on or near that date, and all members whose dues are unpaid on April first shall have notice of the fact sent

them by the Treasurer. Members whose dues are unpaid on May first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer, shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of fifty dollars at any time after the election to membership, and shall thereafter be subject to no fees or assessments of any kind. Such sum shall include payment of the admission fee or dues for the current year.

ART. XVI. All moneys received for life membership and such other sums as may be received or appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration and Forestry for the time being, and four members of the Club, one being chosen by ballot annually to serve four years and until his successor is

chosen. The Trustees may elect from their own number a Chairman and Treasurer, and may employ such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. Corresponding Members may be elected in the manner prescribed for the election of members of the Corporation; and from among the Corresponding Members may be elected in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

MEETINGS.

THE By-Laws provide for a regular monthly meeting and special meetings. The arrangements for these are in the care of the President and the Recording Secretary. Suggestions may be received from a Committee on Special Features. (See p. 7.) Since the organization of the Club, no month has passed without its duly furnished programme. The annual meeting of 1905 was the 242d regular meeting. Numerous special meetings, frequently two in a month, are also held. The average attendance is now over 200; sometimes more than 1000 persons have been present. Besides mountain topics, and even more frequently than these, subjects germane to a geographical society are presented, often illustrated with the lantern.

EXCURSIONS.

EXCURSIONS to the mountain regions of New England and Eastern New York were from the beginning a prominent feature in the Club's activity. Regarded at first as the transfer of the regular meetings to the scene of actual climbing, specially prepared papers were presented at those so-called "field meetings." The increasing frequency of special meetings during the winter months, affording fuller opportunities for such presentation, has modified the name and character of these gatherings, though the traditions of the Club are still continued at the regular July field meeting.

Single-day or half-day visits to nearer points were occa-

sionally made previous to 1886. In that year the regular Saturday Outing became an established custom, announcement being made among "Special Notices" in the *Boston Transcript*. The number of longer excursions has also greatly increased.

To manage the details of this popular interest, a Committee is annually appointed (see p. 6) which determines the excursions for the season and appoints from its number leaders, who arrange the details and by whom the excursions are successfully conducted. Full records of these excursions are published annually in APPALACHIA. A summary of those of the first ten years may be consulted in Vol. IV, No. 4.

SNOW-SHOE SECTION.

THE Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering.

Membership is open to all members of the Club upon payment of a nominal fee of twenty-five cents to cover the expense of notices, etc. There are at present one hundred and eighty-one members. The officers for 1905 are, W. R. DAVIS, *Chairman*; MRS. ALBION D. WILDE, *Secretary*.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its fortieth number. These numbers constitute ten completed volumes, as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; Vol. VIII. (1895-98), pp. vi, 418, pl. lv; Vol. IX., pp. vi, 416, pl. xxxix, and Vol. X., pp. vi, 416, pl. xlix.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors, — with appended brief accounts by individuals of work done by them in the several departments, — the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. APPALACHIA is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the PUBLISHING COMMITTEE, which is chosen annually by the Council. For its organization, see page 6.

Besides APPALACHIA, and the annual REGISTER, first

issued in 1879, the following have been published under the auspices of the Club:—

- Mountaineering in Colorado.* By F. H. Chapin. Small 8°, on fine paper, pages x, 168, with eleven plates and forty-one illustrations in the text. 1888. \$2.00.

- Map of the Country about Boston, 1896.* Executed for the Metropolitan Park Commission. Scale 1 : 62,500. Unmounted, 25 cents ; on cloth, 60 cents.
- Walks and Rides about Boston.* 16°, pages 410, with 150 illustrations in the text and four folded maps. 1897. \$1.25.

The above and bound volumes or back numbers of APPALACHIA may be procured of the publishing and sales-agents, Messrs. Houghton, Mifflin & Co., 4 Park Street, Boston. Vol. I, Nos. 1, 2, and 3, Vol. III, No. 2, and Vol. IV, Nos. 3 and 4, are reprints. The original Vol. I, is sold only with complete sets.

CLUB ROOM AND LIBRARY.

IN OCTOBER, 1896, the Club transferred its seat from the Ticknor Mansion (9 Park Street), where it had been pleasantly domiciled for more than ten years, to its present far more commodious quarters, Rooms 1049-1051, in the Tremont Building. Leased while the building was still in process of construction, three rooms of the original plan were finished for the Club's convenience as two, of which the larger, with its beautiful and extended view down upon the city and far out into the suburbs, makes an attractive place of meeting for members, and is even large enough for reunions of sections, and for small exhibitions. The smaller room furnishes adequate accommodation for the valuable library, now for the first time somewhat secure against danger from fire, and supplies the long-felt need of a separate apartment for meetings of the Council and of special committees. The building is furnished with every modern convenience, and is open every day in the year, and until ten o'clock in the evening. The rooms are under the general supervision of the Room Committee, and open week days from 10 A.M. to 12.30 P.M., and from 1 to 5.30 P.M., under the charge of volunteer custodians.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over twenty-five hundred bound volumes, one thousand pamphlets, and about two thousand maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal dona-

tions, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.

2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.

3. Before being lent, periodicals shall lie on the table for two weeks and un'til catalogued.

4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

The Corresponding Secretary is Librarian *ex officio*.

THE SELLA COLLECTION.

THE original Collection, purchased in 1893 with donations from one hundred and fifty members of the Club and others, consisted of more than four hundred photographs of Alpine and Caucasian mountain scenery, taken by Vittorio Sella, of Biella, Italy. To these there have since been added, through the generosity of Mr. Sella, an additional set from the Caucasus, a series taken when he was with the Duke of the Abruzzi in the expedition to Mt. St. Elias, in 1897, and a superb selection from those secured in the highest Himalayas of Sikhim and Nepal during an expedition with Mr. Freshfield in 1899.

The greater number of these photographs measure 12 x 15 inches, others 8 x 10 inches; there is a series of sixty, chiefly ethnological subjects, of still smaller dimensions, and a considerable number of enlargements, 18 x 22 inches.

The entire Collection being larger than can readily be exhibited under ordinary circumstances, it has been determined to select a group of about one hundred and fifty of the most beautiful and characteristic of these pictures to be known henceforth as the LOAN COLLECTION OF SELLA PHOTOGRAPHS. This group, as heretofore the full Collection, will be loaned, free of charge, to societies desiring to exhibit it on the same terms to the public. Vouchers for responsibility will be expected from societies unknown to the Councillor in charge.

The balance of the photographs will henceforth be kept at the Club Room, in a cabinet recently provided for the purpose. The key to this cabinet can be obtained, on request, from the custodian of the afternoon during the hours at which the room is open.

CLUB PATHS AND CAMPS.

THE Club has sought to further the sport of mountain climbing among a wider constituency than its mere membership and to render extended forest rambles and sojourns feasible to all frequenters of the White Mountains by the construction of paths, trails, and camps. A care for the safety of persons exposed to danger from darkness or storm has led to the construction of a few refuges at bleak heights. Several thousand dollars have been expended for such ends. A considerable sum is appropriated annually to maintain existing constructions. While undertaking to keep in good condition paths which have been duly accepted by the Council as "Club paths," the right is reserved to discontinue, with due notice, any which for any reason seem no longer sufficiently called for. Recent policy looks to the establishing of trunk lines covering the whole White Mountain region, leaving to local initiative the maintenance of merely local paths.

Simple and just rules for the conduct of guests at the Club's huts have been made, and the good will of the public is the best warrant for their observance.

RESERVATIONS.

THE Club's ownership of real estate is primarily the result of its active interest in the preservation of forests and of "beautiful and historic sites." Its holdings,¹ accordingly, are in trust for the public, and for this reason have been exempted from taxation in Massachusetts, and, for the greater part, in New Hampshire. These have been acquired chiefly by gift of individuals or associations persuaded of the public spirit and careful administration of the Club. They are under the control of a board of five Trustees (see p. 6).

The following are

IN MASSACHUSETTS:

	ACRES.
Parsons Reservation (Mount Grace, Warwick), 1897,	40
Carlisle Pines Reservation, 1902,	10
(Gift of Massachusetts Forestry Association.)	

IN NEW HAMPSHIRE:

Madison Spring Reservation, 1888, with Club hut,	1
Lead Mine Bridge Reservation (Shelburne), 1897,	12
Snyder Brook Reservation (Randolph), 1895,	36
Joseph Story Fay Reservation (Woodstock), 1897,	150
Three Mile Island (Lake Winnepesaukee), not public, 1900,	40
Farrar Reservation (Temple), 1901,	4

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions; and, in so doing, it aims to serve a three-fold purpose: first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

BY - LAWS.

ARTICLE I. The Corporation shall be called the APPALACHIAN MOUNTAIN CLUB.

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes ; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by the Council, and the affirmative votes of at least four-fifths of the members of the Council present and voting shall be necessary to election ; but no person shall be admitted to membership against the written protest of ten members of the Club. Nominations, in the form of a recommendation, shall be made in writing by at least two members of the Club, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and members shall have two weeks in which to express to the Council their objections. Balloting by the Council shall take place at any time after two weeks from the publication. Each candidate elected shall pay an admission fee of eight dollars, and on such payment shall be exempt from

the annual dues of the current year, and those elected in October, November and December, of any year, shall be exempt from the annual dues of the following year. The candidate so elected shall pay the admission fee and subscribe assent to these By-Laws within two months after the election, otherwise the election shall be void.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead ; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

¹ Voted (January 9, 1895), That a Committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

ART. VI. The recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal ; and shall present, at the annual meeting, a history of the Club during the previous year.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration and Forestry, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's

work, and at the November meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairman.

ART. XI. The Council shall be the managing board of the Club, elect new members, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Fifty members shall form a quorum for business.

ART. XIII. The annual dues shall be four dollars payable January first. Bills shall be sent to members on or near that date, and all members whose dues are unpaid on April first shall have notice of the fact sent

them by the Treasurer. Members whose dues are unpaid on May first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer, shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of fifty dollars at any time after the election to membership, and shall thereafter be subject to no fees or assessments of any kind. Such sum shall include payment of the admission fee or dues the current year.

ART. XVI. All moneys received for life membership and such other sums as may be received or appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration and Forestry for the time being, and four members of the Club, one being chosen by ballot annually to serve four years and until his successor is

chosen. The Trustees may elect from their own number a Chairman and Treasurer, and may employ such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. Corresponding Members may be elected in the manner prescribed for the election of members of the Corporation; and from among the Corresponding Members may be elected in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

MEETINGS.

THE By-Laws provide for a regular monthly meeting and special meetings. The arrangements for these are in the care of the President and the Recording Secretary. Suggestions may be received from a Committee on Special Features. (See p. 7.) Since the organization of the Club, no month has passed without its duly furnished programme. The annual meeting of 1905 was the 242d regular meeting. Numerous special meetings, frequently two in a month, are also held. The average attendance is now over 200; sometimes more than 1000 persons have been present. Besides mountain topics, and even more frequently than these, subjects germane to a geographical society are presented, often illustrated with the lantern.

EXCURSIONS.

EXCURSIONS to the mountain regions of New England and Eastern New York were from the beginning a prominent feature in the Club's activity. Regarded at first as the transfer of the regular meetings to the scene of actual climbing, specially prepared papers were presented at those so-called "field meetings." The increasing frequency of special meetings during the winter months, affording fuller opportunities for such presentation, has modified the name and character of these gatherings, though the traditions of the Club are still continued at the regular July field meeting.

Single-day or half-day visits to nearer points were occasionally made previous to 1886. In that year the regular Saturday Outing became an established custom, announcement being made among "Special Notices" in the *Boston Transcript*. The number of longer excursions has also greatly increased.

To manage the details of this popular interest, a Committee is annually appointed (see p. 6) which determines the excursions for the season and appoints from its number leaders, who arrange the details and by whom the excursions are successfully conducted. Full records of these excursions are published annually in APPALACHIA. A summary of those of the first ten years may be consulted in Vol. IV., No. 4.

SNOW-SHOE SECTION.

THE Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. All excursions of more than two days' duration in the months of January and February are in charge of the Snow-Shoe Committee. (See p. 6.)

The annual meeting of the Section is held at the Club Rooms, the second Friday in March, at 4 P.M. Special meetings are also occasionally held.

All members of the Club are eligible to membership in the Section upon payment to the Secretary-Treasurer of an admission fee of twenty-five cents. There are at present one hundred and eighty-eight members.

The officers for 1906-7 are, WALTER R. DAVIS, *Chairman*; MRS. ALBION D. WILDE, *Secretary-Treasurer*.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its forty-second number, forty of which constitute ten completed volumes as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; Vol. VIII. (1895-98), pp. vi, 418, pl. lv; Vol. IX., pp. vi, 416, pl. xxxix, and Vol. X., pp. vi, 416, pl. xlix.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors, — with appended brief accounts by individuals of work done by them in the several departments, — the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. APPALACHIA is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the PUBLISHING COMMITTEE, which is chosen annually by the Council. For its organization, see page 6.

Besides APPALACHIA, and the annual REGISTER, first

issued in 1879, the following have been published under the auspices of the Club:—

CLUB ROOMS AND LIBRARY.

THE ROOMS of the Club are located upon the tenth floor of the Tremont Building, Boston, and are numbered 1049-1050. The larger of the two rooms has a beautiful and extended view over the city and far out into the suburbs, and makes an attractive place of meeting for members. It also affords opportunity for minor reunions and for art and other exhibitions. A smaller room furnishes accommodations for the principal part of the valuable library, and also provides a separate apartment for meetings of the Council and of committees. The building is furnished with every modern convenience, and is open every day in the year and until ten o'clock in the evening.

The rooms are under the general supervision of the Room Committee, and are open week days (except during July and August) from 9 A.M. to 12.30 P.M. and from 1 to 5.30 P.M., excepting Saturdays, when they are open from 9 to 12. Keys admitting members at all hours may be obtained from the Treasurer on the payment of one dollar.

A telephone pay-station (HAYMARKET 21233) is located in the Library for the convenience of the officers and members of the Club.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over twenty-five hundred bound volumes, one thousand pamphlets, and about two thousand maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal dona-

tions, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient.

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.
2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.
3. Before being lent, periodicals shall lie on the table for two weeks and un'il catalogued.
4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower.

THE SELLA COLLECTION.

THE original Collection, purchased in 1893 with donations from one hundred and fifty members of the Club and others, consisted of more than four hundred photographs of Alpine and Caucasian mountain scenery, taken by Vittorio Sella, of Biella, Italy. To these there have since been added, through the generosity of Mr. Sella, an additional set from the Caucasus, a series taken when he was with the Duke of the Abruzzi in the expedition to Mt. St. Elias, in 1897, and a superb selection from those secured in the highest Himalayas of Sikkim and Nepal during an expedition with Mr. Freshfield in 1899.

The greater number of these photographs measure 12 x 15 inches, others 8 x 10 inches; there is a series of sixty, chiefly ethnological subjects, of still smaller dimensions, and a considerable number of enlargements, 18 x 22 inches.

The entire Collection being larger than can readily be exhibited under ordinary circumstances, it has been determined to select a group of about one hundred and fifty of the most beautiful and characteristic of these pictures to be known henceforth as the LOAN COLLECTION OF SELLA PHOTOGRAPHS. This group, as heretofore the full Collection, will be loaned, free of charge, to societies desiring to exhibit it on the same terms to the public. Vouchers for responsibility will be expected from societies unknown to the Councillor in charge.

The balance of the photographs will henceforth be kept at the Club Room, in a cabinet recently provided for the purpose. The key to this cabinet can be obtained, on request, from the custodian of the afternoon during the hours at which the room is open.

CLUB PATHS AND CAMPS.

THE CLUB has sought to further the sport of mountain climbing among a wider constituency than its mere membership, and to render extended forest rambles and sojourns feasible to all frequenters of the White Mountains by the construction of paths, trails and camps. A care for the safety of persons exposed to danger from darkness or storm has led to the construction of a few refuges at bleak heights. Several thousand dollars have been expended for such ends. A considerable sum is appropriated annually to maintain existing constructions. While undertaking to keep in good condition paths which have been duly accepted by the Council as "Club paths," the right is reserved to discontinue, with due notice, any which for any reason seem no longer sufficiently called for. Recent policy looks to the establishing of trunk lines covering the whole White Mountain region, leaving to local initiative the maintenance of merely local paths.

Simple and just rules for the conduct of guests at the Club's huts, have been made, and the good will of the public is the best warrant for their observance.

RESERVATIONS.

THE Club's ownership of real estate is primarily the result of its active interest in the preservation of forests and of "beautiful and historic sites." Its holdings,¹ accordingly, are in trust for the public, and for this reason have been exempted from taxation in Massachusetts, and, for the greater part, in New Hampshire. These have been acquired chiefly by gift of individuals or associations persuaded of the public spirit and careful administration of the Club. They are under the control of a board of five Trustees (see p. 6).

The following are

IN MASSACHUSETTS:

	ACRES.
Parsons Reservation(Mount Grace, Warwick), 1897,	40
Carlisle Pines Reservation, 1902,	10

APPALACHIAN MOUNTAIN CLUB.

THIS Club was organized in January, 1876, and in April, 1878, was re-organized and chartered as a Corporation by the Commonwealth of Massachusetts. By special act of the Legislature of 1894 its charter was so extended as to enable it to hold mountain and forest lands and historic sites.

Its object is to bring together for co-operation all those interested in the mountains of New England and adjacent regions ; and, in so doing, it aims to serve a three-fold purpose : first, to combine the energies of all who are interested in efforts not only to preserve the present beauty and attractiveness of our mountain resorts, — and in particular their forests, — but also to render them more attractive by building paths, camps, and other conveniences, constructing and publishing accurate maps, and by collecting all available information concerning the mountain-regions ; second, to collect and make available the results of scattered scientific observations of all kinds, which, though of little value each by itself, yet, when brought together, may be of great use ; third, in the accomplishment of these ends, to

be a source of pleasure and profit to its members by affording a ground on which they may meet to compare notes and interchange ideas on subjects in which all are interested. As means to these ends, the Club holds monthly meetings¹ for the transaction of business, and the presentation and discussion of papers, as well as an annual social reception in Boston during the winter, occasional field meetings during the summer, and, incidentally, organizes excursions to accessible points of interest. It also publishes papers read at its meetings and other matter in the form of a magazine, entitled APPALACHIA, and is accumulating a library for the use of its members.

In short, the Club may be considered the representative, in this part of the country, of the interests of all lovers of the mountains ; in addition to which it has made such substantial contributions to various departments of geography as to gain recognition as a representative of general geographical science.

¹By the courtesy of the Corporation of the MASSACHUSETTS INSTITUTE OF TECHNOLOGY, the use of a lecture room of their building has been granted to the Club for its meetings since its organization in 1876.

BY-LAWS.

ARTICLE I. The Corporation shall be called the APPALACHIAN MOUNTAIN CLUB.

ART. II. The objects of the Club are to explore the mountains of New England and the adjacent regions, both for scientific and artistic purposes; and, in general, to cultivate an interest in geographical studies.

[The foregoing articles, forming a part of the Agreement of Association, can be changed only by Act of Legislature.]

ART. III. Elections to membership shall be made by the Council, and the affirmative votes of at least four-fifths of the members of the Council present and voting shall be necessary to election; but no person shall be admitted to membership against the written protest of ten members of the Club. Nominations, in the form of a recommendation, shall be made in writing by at least two members of the Club, and forwarded to the Recording Secretary. They shall be announced on the call for a regular meeting, and members shall have two weeks in which to express to the Council their objections. Balloting by the Council shall take place at any time after two weeks from the publication. Each candidate elected shall pay an admission fee of eight dollars, and on such payment shall be exempt from

the annual dues of the current year, and those elected in October, November and December, of any year, shall be exempt from the annual dues of the following year. The candidate so elected shall pay the admission fee and subscribe assent to these By-Laws within two months after the election, otherwise the election shall be void.

ART. IV. The officers of the Club shall be a President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, and five Councillors. These officers shall form a governing board to be termed the Council.

ART. V. The officers shall be chosen by ballot at the annual meeting,¹ may be voted for on one ballot, and shall hold their offices until the next succeeding annual meeting, and until their successors are chosen in their stead; but any vacancy may be filled by a new election in the same manner, at any regular meeting, five days' notice of the election having been given. The President and Vice-President shall not be eligible for two consecutive years, nor the Councillors for more than three consecutive years in the same department.

¹*Voted* (January 9, 1895), That a Committee of five members be appointed annually by the President, at the October meeting, to present a list of candidates for officers of the Club, to be voted for at the annual meeting in January. The names of the Nominating Committee shall be announced on the notice of the November meeting, with a request for suggestions for nominations from members of the Club. The list of candidates nominated by the committee shall be published on the notice of the annual meeting.

ART. VI. The recording Secretary shall be the Clerk of the Corporation, and shall keep a record of all the proceedings of the Club and Council, give notice to the members of the time and place of meetings, have charge of the muniments of title and the corporate seal ; and shall present, at the annual meeting, a history of the Club during the previous year.

ART. VII. The Corresponding Secretary shall conduct the official correspondence of the Club, shall keep proper files and records of the same, and shall make a report for the previous year at the annual meeting.

ART. VIII. The Treasurer, under the direction of the Council, shall collect, take charge of, and disburse all funds belonging to the Club, excepting such as are in the hands of the Trustees, keep proper books of account, and at the annual meeting, and at other times when required by the Club, present a report of its financial condition.

ART. IX. All official notices by the Recording Secretary and Treasurer shall be given personally, or by mail, according to their best knowledge of the post-office addresses of the members.

ART. X. The five Councillors shall be chosen to represent, severally, the departments of Natural History, Topography, Art, Exploration and Forestry, and Improvements. It shall be their duty to offer to the Council each spring a plan for the summer's

work, and at or before the January meeting to report to the Club the work accomplished in their respective departments during the preceding summer. The Councillors are authorized, when they think it expedient, to call special meetings of those interested in their respective subjects, at which they shall act as Chairman.

ART. XI. The Council shall be the managing board of the Club, elect new members, control all expenditures, make rules for the use of its property, and act for its interests in any way not inconsistent with these By-Laws; but shall have no power to subject the Corporation to any liability beyond the amount of the corporate funds. A quorum of the Council shall not be less than five.

ART. XII. The Council shall call a regular meeting of the Club in Boston in each month, excepting July, August, and September; also, special and field meetings at such times and places as may seem advisable. The Council may delegate the power to call meetings. The January meeting shall be the annual meeting, and shall be held on the second Wednesday of that month. Fifty members shall form a quorum for business.

ART. XIII. The annual dues shall be four dollars payable January first. Bills shall be sent to members on or near that date, and all members whose dues are unpaid on April first shall have notice of the fact sent

them by the Treasurer. Members whose dues are unpaid on May first, and who shall continue such neglect for one month after notice referring to this article shall have been sent to them by the Treasurer. shall thereupon cease to be members, which fact, in each case, shall be certified in writing by the Treasurer to the Recording Secretary, who shall enter it of record; but such membership may be revived by the Council in its discretion, upon payment of past dues. The President and Treasurer are authorized to remit any fee *sub silentio*, when they deem it advisable.

ART. XIV. The name of any member of the Club may, on recommendation of the Council, and by vote of two-thirds of the members present and voting at a regular meeting of the Club, be dropped from the roll of members, provided that due notice has been sent to such member, and formal announcement of such recommendation has been made at a preceding meeting of the Club; and thereupon the interest of such person in the Corporation and its property shall cease.

ART. XV. Any person elected to membership in the Corporation may become a life member upon payment of fifty dollars at any time after the election to membership, and shall thereafter be subject to no fees or assessments of any kind. Such sum shall include payment of the admission fee or dues for the current year.

ART. XVI. All moneys received for life membership and such other sums as may be received or appropriated for permanent investment shall be securely and separately invested as a Permanent Fund, the income only of which shall be expended. Appropriations to the Permanent Fund shall be ratified by the Club at a regular meeting, notice of the proposed action having been sent to all the members.

ART. XVII. There shall also be a Reserve Fund to and from which appropriations may be made by a majority vote (not less than five) at two meetings of the Council, notice of the proposed action having been given upon the call for the second meeting.

ART. XVIII. The Permanent and Reserve Funds shall be under the direction and control of a Board of Trustees, consisting of three members of the Club, one being chosen annually to serve three years and until his successor is chosen. The Treasurer shall not be eligible. At each annual meeting the Trustees shall make a written statement of the condition of the funds in their hands, and at such times as the Council may request shall exhibit the vouchers.

ART. XIX. The real estate belonging to the Club shall be under the control and direction of a Board of Trustees, consisting of the Councillor of Exploration and Forestry for the time being, and four members of the Club, one being chosen by ballot annually to serve four years and until his successor is

chosen. The Trustees may elect from their own number a Chairman and Treasurer, and may employ such assistance as they shall find necessary, provided the request therefor shall have been approved by the Council, and shall administer and manage said real estate, subject, however, to the general superintendence of the Council. In addition, the said Trustees, at each annual meeting of the Club, shall make a written statement relative to said real estate, and the expenses upon the same and the receipts therefrom, for the preceding year.

ART. XX. Corresponding Members may be elected in the manner prescribed for the election of members of the Corporation; and from among the Corresponding Members may be elected in the same manner Honorary Members, not to exceed twenty-five in number; but Corresponding and Honorary Members shall not be (technically) members of the Corporation, nor be subject to any fees or liabilities whatever.

ART. XXI. These By-Laws are fundamental, and shall not be altered, amended, suspended, or repealed, in the whole or in part, except by a vote to that effect of at least three-fourths of the members present and voting at two consecutive regular meetings of the Club, notice of the proposed change having been sent to all the members.

PUBLICATIONS.

APPALACHIA, the journal of the Club, has now reached its forty-second number, forty of which constitute ten completed volumes as follows: Vol. I. (1876-78), pp. iv, 308, pl. xi; Vol. II. (1879-81), pp. iv, 379, pl. ix; Vol. III. (1882-84), pp. vii, 395, pl. vi; Vol. IV. (1884-86), pp. v, 391, pl. vi; Vol. V. (1887-89), pp. iv, 364, pl. xiv; Vol. VI. (1890-92), pp. iv, 363, pl. xvi; Vol. VII. (1893-94), pp. iv, 377, pl. xxxii; Vol. VIII. (1895-98), pp. vi, 418, pl. lv; Vol. IX., pp. vi, 416, pl. xxxix, and Vol. X., pp. vi, 416, pl. xlix. An Index (pp. 72) of the first ten volumes, published in 1907, is for sale at 50 cents per copy.

Each number is composed of special articles and an official section. The former are chiefly papers of special interest that have been presented or read at the meetings of the Club, and represent with equal fulness its scientific and touristic interests. The official section contains the reports of officers, especially of the Councillors,—with appended brief accounts by individuals of work done by them in the several departments,—the proceedings of the Club, reports of its excursions, etc. In general, the journal is an exponent of the character and work of the society, and serves as a bond of interest to the non-resident members, and as a representative of the Club to other similar associations. APPALACHIA is sent *gratis* to all who are members of the Club at the time of its issue.

All the publications of the Club are under the control of the PUBLISHING COMMITTEE, which is chosen annually by the Council. For its organization, see page 6.

CLUB ROOMS AND LIBRARY.

THE ROOMS of the Club are located upon the tenth floor of the Tremont Building, Boston, and are numbered 1049-1050. The larger of the two rooms has a beautiful and extended view over the city and far out into the suburbs, and makes an attractive place of meeting for members. It also affords opportunity for minor reunions and for art and other exhibitions. A smaller room furnishes accommodations for the principal part of the valuable library, and also provides a separate apartment for meetings of the Council and of committees. The building is furnished with every modern convenience, and is open every day in the year and until ten o'clock in the evening.

The rooms are under the general supervision of the Room Committee, and are open week days (except during July and August) from 9 A.M. to 12.30 P.M. and from 1 to 5.30 P.M., excepting Saturdays, when they are open from 9 to 12. Keys admitting members at all hours may be obtained from the Treasurer on the payment of one dollar.

A telephone pay-station (HAYMARKET 21233) is located in the Library for the convenience of the officers and members of the Club.

THE LIBRARY is distinctive in character, aiming to become a complete collection of the literature of geographical science, and of the mountain in particular. It contains over twenty-five hundred bound volumes, one thousand pamphlets, and about two thousand maps or sets of maps.

Besides the important annual increase through exchange with corresponding societies and by liberal dona-

tions, the Council each year makes an appropriation for the purchase of new books and for the binding of serials.

The collection contains most of the works which relate to New England Mountains, the especial field of the Club; some, however, already out of print, are obtainable only as an unforeseen chance may bring them into the market. Members, or friends of geographical science, owning rare books of this character and willing to bestow them where they would be accessible to an appreciative circle of readers, would find in the Club a grateful recipient. The policy, in accordance with which the collection of books is made, is defined by vote of the Council, as follows:

"The library of the Appalachian Mountain Club shall represent, as exhaustively as may be, the literature of mountains and mountaineering, and it may also include works of general geographic interest. In addition it may contain small working collections on subjects germane to the several departments of Club work."

The library is available to members under the following rules, adopted by the Council:

1. No publication shall be taken from the library without record, which shall be kept by the Librarian in a special book or charging list.
2. Books may be retained three weeks, and if kept longer, may, at the discretion of the Librarian, be recovered by messenger at the expense of the borrower.
3. Before being lent, periodicals shall lie on the table for two weeks and un'til catalogued.
4. Maps, photographs, and starred volumes shall be taken from the library only by special permission of the Librarian, endorsed on the written request of the borrower:

THE SELLA COLLECTION.

THE original Collection, purchased in 1893 with donations from one hundred and fifty members of the Club and others, consisted of more than four hundred photographs of Alpine and Caucasian mountain scenery, taken by Vittorio Sella, of Biella, Italy. To these there have since been added, through the generosity of Mr. Sella, an additional set from the Caucasus, a series taken when he was with the Duke of the Abruzzi in the expedition to Mt. St. Elias, in 1897, and a superb selection from those secured in the highest Himalayas of Sikkim and Nepal during an expedition with Mr. Freshfield in 1899.

The greater number of these photographs measure 12 x 15 inches, others 8 x 10 inches; there is a series of sixty, chiefly ethnological subjects, of still smaller dimensions, and a considerable number of enlargements, 18 x 22 inches.

The entire Collection being larger than can readily be exhibited under ordinary circumstances, it has been determined to select a group of about one hundred and fifty of the most beautiful and characteristic of these pictures to be known henceforth as the LOAN COLLECTION OF SELLA PHOTOGRAPHS. This group, as heretofore the full Collection, will be loaned, free of charge, to societies desiring to exhibit it on the same terms to the public. Vouchers for responsibility will be expected from societies unknown to the Councillor in charge.

The balance of the photographs will henceforth be kept at the Club Room, in a cabinet recently provided for the purpose. The key to this cabinet can be obtained, on request, from the custodian of the afternoon during the hours at which the room is open.

MEETINGS.

THE By-Laws provide for a regular monthly meeting and special meetings. The arrangements for these are in the care of the President and the Recording Secretary. Suggestions may be received from a Committee on Special Features. (See p. 7.) Since the organization of the Club, no month has passed without its duly furnished programme. The annual meeting of 1907 was the 260th regular meeting. Numerous special meetings, frequently two in a month, are also held. The average attendance is now over 200; sometimes more than 1000 persons have been present. Besides mountain topics, and even more frequently than these, subjects germane to a geographical society are presented, often illustrated with the lantern.

EXCURSIONS.

EXCURSIONS to the mountain regions of New England and Eastern New York were from the beginning a prominent feature in the Club's activity. Regarded at first as the transfer of the regular meetings to the scene of actual climbing, specially prepared papers were presented at those so-called "field meetings." The increasing frequency of special meetings during the winter months, affording fuller opportunities for such presentation, has modified the name and character of these gatherings, though the traditions of the Club are still continued at the regular July field meeting.

Single-day or half-day visits to nearer points were occasionally made previous to 1886. In that year the regular Saturday Outing became an established custom, an-

nouncement being made among "Special Notices" in the *Boston Transcript*. The number of longer excursions has also greatly increased.

To manage the details of this popular interest, a Committee is annually appointed (see p. 6) which determines the excursions for the season and appoints from its number leaders who arrange the details and by whom the excursions are successfully conducted. Full records of these excursions are published annually in APPALACHIA. A summary of those of the first ten years may be consulted in Vol. IV., No. 4.

SNOW-SHOE SECTION.

THE Snow-Shoe Section was organized in December, 1886. Its object is to encourage snow-shoeing, not only as an exercise, but more especially as a help in mountaineering. All excursions of more than two days' duration in the months of January and February are in charge of the Snow-Shoe Committee. (See p. 6.)

The annual meeting of the Section is held at the Club Rooms, the second Friday in March, at 4 P.M. Special meetings are also occasionally held.

All members of the Club are eligible to membership in the Section upon payment to the Secretary-Treasurer of an admission fee of twenty-five cents. There are at present one hundred and eighty-eight members.

The officers for 1906-7 are WALTER R. DAVIS, *Chairman*; MRS. ALBION D. WILDE, *Secretary-Treasurer*.

CLUB PATHS AND CAMPS.

THE CLUB has sought to further the sport of mountain climbing among a wider constituency than its mere membership, and to render extended forest rambles and sojourns feasible to all frequenters of the White Mountains by the construction of paths, trails and camps. A care for the safety of persons exposed to danger from darkness or storm has led to the construction of a few refuges at bleak heights. Several thousand dollars have been expended for such ends. A considerable sum is appropriated annually to maintain existing constructions. While undertaking to keep in good condition paths which have been duly accepted by the Council as "Club paths," the right is reserved to discontinue, with due notice, any which for any reason seems no longer sufficiently called for. Recent policy looks to the establishing of trunk lines covering the whole White Mountain region, leaving to local initiative the maintenance of merely local paths.

Simple and just rules for the conduct of guests at the Club's huts, have been made, and the good will of the public is the best warrant for their observance.

RESERVATIONS.

THE Club's ownership of real estate is primarily the result of its active interest in the preservation of forests and of "beautiful and historic sites." Its holdings, accordingly, are in trust for the public, and for this reason have been exempted from taxation in Massachusetts, and, for the greater part, in New Hampshire. They have been acquired chiefly by gift of individuals or associations persuaded of the public spirit and careful administration of the Club. They are under the control of a board of five Trustees (see p. 6). For a detailed description, see APPALACHIA, Vol. X, No. 3.
